

Tux Fournet

November 26, 2024

15 year old Tux Lucifer Fournet thrived on heavy breathing and chasing tennis balls until you couldn't throw them anymore.

He is survived by his life partner Nina Marie Fournet, brother Titan Maximus Fournet and sister George Rebeca Brown.

Tux loved car rides with fries, pizza, and throwing tennis balls until he would fall down with exhaustion. He was the bestest boy whose heavy border collie breathing can still be heard nationwide and will forever be my background music.

Love you my bestest boy. And I will love and miss you forever.
