

Willow Sandy

September 13, 2025

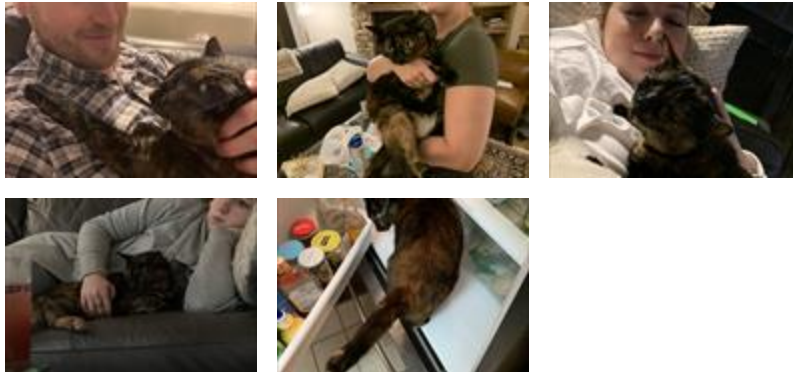

Our sweet, snuggly, precious Willow lived for 11 dreamy years. She loved curling up on her parents for pets and begging for food at all hours. Willow always wanted to be part of the group, and would come sit in a chair at the dining table to join dinner. When she found a comfy spot, it was hers no matter how in the way it may have been. She had the loudest purr, and getting to love on her was truly a gift. We miss her terribly, and think of her everyday. Our darling angel, thanks for saving us as much as we saved you. We hope you are cuddled up somewhere over the rainbow, and we know one day your purrs will guide us back to you. We love you deeply - Greta Sandy

Willow was the perfect cat in so many ways. She was sweet, loving, content, and didn't know the definition of personal space. She was at her happiest curled up as close as she could get to Greta's face. She played a big role in my relationship with Greta and I will always be thankful that she let me join her family. She was nice enough to put up with two other cats, first Lilly and then Flips. She even woke us up moments before Lilly passed and gave us a chance to be there with her. I am thankful for the time we got with Willow, in the last few months of her life she had found a renewed energy to play as an influence by Flips. He will miss chasing her around the house and having a buddy to hangout with. Willow was and will always be a bright spot in our lives, our Willow Pillow, our drooly girl. She will always be with us and missed every day. - Brian Feagin
