“ Wyatt was a pretty cool dog and very loyal to his momma. He loved playing outside and being in the water. He also loved being around Abbie and Arlo. Abbie use to play outside with him and blow bubbles, Wyatt would try to eat every bubble. He was a pretty awesome dog. We are sure going to miss him!

“ Wyatt was not your average dog. This dude had his own personality. He was a cuddler but also a fighter. He loved his momma and tolerated her children. He loved his momma, wherever she went he went. He was beyond loyal. He also loved the water and I mean HE LOVED THE WATER! He would chomp at the rain, the hose, any thing that dealt with water. This guy was one of a kind and I will miss you. He wasn't a dog to us he was our family. We were lucky to get 14 years out of him and we gave him the best life. We love you Wyatt.

HA

“ I use to go on the back porch with Abbie and we would literally just sit there and pour water on Wyatt's head. What a good boy 🙏

“ I remember the first time I met Wyatt. I entered his home and walked halfway up the stairs and sat down and he descended the stairs and put his big impressive nose in my ear, sniffed my eyeball and walked around me sniffing. Soon it became clear that I was not a threat. I remember one time I was on the deck playing tug-of-war with one of his toys. He was growling and yanking, and dragging me and I was yanking and dragging him . Oh my word we had so much fun. Wyatt's heart was as big as his personality he will forever be in my heart.
