"Our Sweet Yoda, is terribly missed! We have a void now. She was my side kick for the last 10 years, but the last 6 years, even more-so. She lived 16 1/2 years total. We got her the day we lost our Baylee Bootes, in September of 2013. She helped me through my grief, and I love her for that! She never complained, even when she was sick in the end. We love you, girl, run free! Mom, Dad, Stella and Paco." Danny Jenn Holmes
